Application & Arrangement Fees

Application fee £199. Pre offer product switch available for a fee of £499. Arrangement Fees chargeable from 2.25%. For loans under £100,000, some ranges will have minimum arrangement fees. Please check product ranges for more detail. Arrangement fees can be added to the loan.

Packaging Requirements

Full background portfolio details to include full address, property value, rental income / value, mortgage lender (if applicable), mortgage balance and monthly mortgage payment. Applicants own spreadsheet accepted

ID, evidence of Income and Bank Statements not required where the applicant agrees to the use of Electronic ID verification and Open Banking to verify Income. Where the applicant does not agree to Open Bank the latest payslip & P60 or latest Online tax assessment will be requested plus the last 3 months Bank Statements

Ex Pats & Foreign nationals: Last 3 Month payslips plus copy of contract if employed or last years tax return if self-employed. 3 months personal bank statements. Evidence of deposit. QM panel solicitor to be instructed on a dual or sole basis

Valuations

All open market valuations will be carried out on a comparable evidence basis (Bricks and Mortar), except where the property is a complex HMO or MUFB, in which case an investment valuation can be considered. On Large loan and First Time Buyer ranges, a full investment valuation can be used on HMOs where a HMO license is in place.

N.B. Valuation Fees quoted are for properties up to 6 bedrooms and no commercial usage. Fees for properties over 6 bedrooms or where there is any element of commercial use are available on request. Fee scales are at the valuers discretion and may vary. They should be treated as a guide only.

Valuation Fees for the Specialist and QML Pro range are for single unit properties only. Fees for all other properties on these ranges are available on request. A specialist Valuer will be instructed (at the borrower's cost) for any non standard properties, if there are any unusual aspects of the property that is not clear from the information provided on the application that may prevent it from being valued as 'standard', please inform us at the start of the application process, in the property notes section or upload a document providing details. Examples of this are short leases or BTL Investor led developments.

Green Boost

+2% LTV to cover the cost of updating single unit properties to energy efficient homes (not available for QML Pro products)

Generic Criteria Guide

Generic Criteria Guide for all Products	
Min / Max Age	• Min 21 yrs • Max age for all borrowers is 75 years at application across all products with a maximum term of 10 years, except QML Pro. Maximum age at the end of the term is 85 years. • No maximum age on QML Pro range at end of term (maximum age for all borrowers is 75 years at application).
Min / Max Term	• Minimum 2 yrs • Maximum 40 yrs
Min Income	• No minimum income subject to an affordability sense check except for Ex Pat or Foreign National – equivalent to £35,000 or higher • Employed income - latest months payslip or Open Banking data • Self Employed income - latest months business bank statement and latest SA302 or Open Banking data • Ex Pat / Foreign Nationals income - last 3 months payslips + copy of contract or last years tax return if self employed
Max Borrower Exposure	• Quantum Mortgages applies an internal limit of a maximum exposure to any one customer which is the lower of 100 loans or £5 million of lending (whichever occurs first). This limit applies across all applications, regardless of whether the applicant is applying individually, jointly or through an SPV. Any customer wishing to exceed this threshold must be referred to Senior Management for approval prior to proceeding. Please contact your BDM in this scenario. • We can now consider large portfolios, where it's split across separate SPV's and no individual SPV has borrowing greater than £5m. i.e. £12 Million portfolio, divided by 3 separate limited companies, with each borrowing £4M. • As a general rule, where a borrower has more than 20 properties, we would typically require third party property management contracts to be in place and/or at least 12 months' history of owning and letting more than 20 properties, together with appropriate confirmation of an acceptable ratio of maintenance contractors to number of properties (typically 1 contractor to 30 properties as a minimum ratio would be considered adequate)
Property Exposure Limit	• Unit with 1 to 10 parts - **Maximum of 3** • Unit with 11 to 20 parts - **Maximum of 4** • Thereafter a maximum of **20%** of any block or postcode
HMO / Multi Units	• Up to 6 rooms/units on multi unit range (12 rooms/units on specialist), max 2 kitchens & be licenced where applicable • VAS valuation required on any HMO/Multi unit under 30sqm • Single and multiple APTs acceptable • Shared utilities up to 65% LTV
New Build Flats	• Acceptable up to 75% LTV where criteria is met. Max 5% builder incentive
Leasehold	• Minimum term remaining of 35 years at end of term
Tenancy Accepted	• Standard APT • Students / multi lets, corporate tenancies for employees • DWP & Housing Association considered where individual tenant is named on tenancy • Corporate lets up to 7 years (passing rent/lease value can be considered). Any lease more than 7 years can be considered on QML Pro.
Limited Companies	• All Directors do not have to be shareholders, but the combined shareholding of the directors on the mortgage application must be 51% or more, either individually or aggregated • Must be a non-trading SPV with sic code 68100, 68201, 68209 or 68320 • Non-director minority shareholders subject to a KYC check • A charge will be registered at Companies House • All directors named on the application have to sign a personal guarantee. • Trading Companies accepted on QML Pro • Northern Ireland SPV's accepted
Southern Postcodes	• Southern area postcodes qualifying for larger loans; - AL, BA, BH, BN, BR, BS, CB, CM, CO, CR, CT, DA, DT, E, EC, EN, GL, GU, HA, HP, IG, IP, KT, LU, ME, MK, N, NN, NW, OX, PO, RG, RH, RM, SE, SG, SL, SM, SN, SO, SP, SS, SW, TN, TW, UB, W, WD, WC.

Generic Criteria Guide

quantum mortgages

Generic Criteria Guide for all Products	
Unacceptable Property Types	**The following properties are deemed to be unacceptable on all ranges:** • 100% Timber construction • Shared ownership properties • Uninsurable properties. • Flats above or adjacent to any outlet which is a danger to health and safety. i.e. petrol stations. • Properties which have ongoing structural issues or have been underpinned within the last five (5) years unless supported by satisfactory guarantees and subject to a Certificate of Structural Adequacy. • Properties requiring underpinning, properties with continuing structural movement, or movement that requires monitoring. • Properties with dry rot. • Commonhold properties. • Mobile homes, caravans, park homes or houseboats. • Properties with Spray Foam in the roof void • Flats with combustible cladding that do not have a recent EWS1 Certificate • Properties containing Mundic Block material that are not classified as class A, A/B, A1, A2 or A3 • Properties with Japanese Knotweed assessed at Category A or B (evidence or report required) • Properties determined as unacceptable security by an appointed valuer due to poor condition, not readily lettable, health and safety concerns or where the property type or construction is not explicitly permitted within this policy. • Properties less than ten years old and without a warranty backed by an FCA regulated insurer. The above list is not exhaustive. Quantum Mortgages will also refer to the latest valuer guidance notes to establish the complete list of unacceptable properties.
Unacceptable Applicants	• Applicants with unspent convictions • Those currently serving a prison sentence or awaiting trial • Applicants who are subject to a current IVA or other payment arrangement with creditors for the repayment of debts • Suspected of damaging a previously mortgaged security • Previously responsible for leasehold security involving forfeiture of lease • Found guilty of defrauding any lender or insurance company • Applicants with diplomatic immunity • Applicants identified as being Politically Exposed Persons (PEP's) • Applicants without a UK bank account (with the exception of Ex-Pats and Foreign Nationals where FCA regulated e-money Institutions will be accepted for Direct Debit payments instead) • Applicants in receipt of Housing Benefit within the last three months • Applicants with prior convictions for dishonesty or fraud • Applicants who are Asylum Seekers • Applicants convicted for a breach of any law relating to tenancies or upkeep of rental properties • First time buyers or novice investors who do not meet experience criteria
Credit Profile	• Satisfied defaults / CCJs considered if non instalment debts and less than £500 combined (maximum of 2) • Late payments considered subject to a reasonable explanation • Bankruptcy and IVA history will not be considered • Existing borrowers with a history of arrears will not be considered • Mortgage arrears will be considered at a maximum of 1 missed in the last 5 years
Green LTV Boost (Single Unit range only)	Where the property has an existing EPC rating of A,B or C, an additional 2% LTV can be borrowed, bringing the maximum LTV to 82%. Where the property does not have an EPC rating of A,B or C, but the borrower commits to improving the property to achieve this rating, the additional 2% can be borrowed to bring the property up to this efficiency level. An additional special condition will be added to the offer requiring sight of an updated EPC certificate prior to completion
Loan Purpose	• Quantum Mortgages will lend for remortgage and purchases of buy to let properties on a first charge basis only • Remortgages for capital raising for any legal purpose are acceptable up to individual scheme maximums subject to all criteria being met • Capital raising for injection into a business with declining net profits or to repay gambling debts will not be considered • Refinance of bridging / development finance where the original loan is less than 3 years old • No minimum time of ownership
ICR and Stress Rates	• Basic rate taxpayer & SPV stressed at 125%. Higher rate @ 145% • < 5 year fixed stressed @ payrate + 2% (min 5.5%) • 5 & 7 year fixed stressed using pay rate • Background portfolio: 100% @ 6%
